

# ATINDRIYA MONDAL

**Address:** Santipur, Mecheda, Purba Medinipur, West Bengal - 721137  
**Phone:** 6294687376  
**Email:** atindriya@eadsmedia.in  
**Website:** www.eadsmedia.in

## OBJECTIVE

---

Highly skilled and experienced React Developer with a strong background in UX/UI design seeking to contribute expertise and creativity to innovative projects. Passionate about creating intuitive user interfaces and seamless user experiences through React development and design principles.

## EDUCATION

---

**Bachelor in Hospital Management(BHM)** **2011 - 2015**

GURU NANAK INSTITUTE OF TECHNOLOGY

Full Stack Web development training from  
Vidyastu.

## SKILLS

---

**Technical Skills:**

1. Proficient in React.js and its ecosystem (React Router, Redux, React Hooks, etc.) and Tailwind Css.
2. Strong understanding of HTML5, CSS3, and JavaScript
3. Experience with UI/UX design principles and tools such as Adobe XD, Sketch, Figma, or Adobe Creative Suite
4. Familiarity with responsive design and mobile-first development
5. Knowledge of version control systems (Git)
6. Understanding of front-end performance optimization techniques.
7. Proficient in backend technologies like NodeJS, Express.
8. Database Mongo DB.

**Soft Skills:**

1. Excellent problem-solving skills
2. Strong attention to detail
3. Effective communication skills
4. Ability to work both independently and collaboratively in a team environment
5. Adaptable and willing to learn new technologies and methodologies

## EXPERIENCE

---

**Senior React Developer & UX/UI Designer at eAds Media** **Aug 2017 - Present**

1. Developed responsive web applications using React.js, ensuring cross-browser compatibility and optimal performance.
2. Collaborated with UX/UI designers to create wireframes, mockups, and prototypes for new features and enhancements.
3. Implemented user interfaces according to design specifications, focusing on usability and accessibility.
4. Integrated RESTful APIs and third-party libraries to enhance application functionality.
5. Conducted code reviews and provided constructive feedback to team members.
6. Worked closely with backend developers to ensure seamless integration of front-end and back-end functionalities.
7. Participated in Agile development processes, including sprint planning, daily stand-ups, and retrospective meetings.
8. Designed user interfaces for web and mobile applications, following established design guidelines and best practices.
9. Conducted user research, including usability testing and feedback sessions, to gather insights and inform design decisions.
10. Created wireframes, prototypes, and mockups using industry-standard design tools.
11. Collaborated with cross-functional teams, including developers, product managers, and stakeholders, to iterate on designs and deliver high-quality products.
12. Maintained consistency in design elements and patterns across multiple projects and platforms.

13. Stayed updated on emerging design trends, tools, and technologies to continuously improve skills and stay competitive in the field.
